Dear Sir / Madam,

Re: Safety, Health, Environment & Quality vendor response pack.

Thank you for your enquiry concerning details of our Management System & Certification.

ASD is a leading supplier of metals and metal processing services, serving a diverse range of industries across the UK and a member of the Hierros Añón group.

All ASD services locations are registered to ISO 45001, ISO 14001 & ISO 9001. Our certificates also include BSI BES 6001 for Responsible Sourcing of Construction Products and CE Marking accreditation which is covered for both ASD and ASD Westok.

ASD services certificated management systems: ISO 45001, ISO 14001 and ISO 9001 are audited and assessed by the approved body Steel Construction Certification Scheme (SCCS).

In addition, our management systems have been inspected by many of our customers, which include all the leading industrial companies.

The increasing demand for information regarding our Management Systems is now limiting our ability to individually complete the number (and variety) of questionnaires within a reasonable time frame.

We submit a Safety, Health, Environment & Quality vendor response pack. Further information is available on request or visit our website: www.asd.ltd

If you have any further questions, please do not hesitate to call the SHEQ Team.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Kevin Maddison'.

Kevin Maddison

About Us

ASD is a leading supplier of metals and metal processing services, serving a various industries across the UK. We offer a diverse range of ferrous and non-ferrous products sourced from reputable and accredited mill sources.

We operate in all major market sectors across the UK and are renowned for our unrivalled ability to meet clients' requirements by developing innovative value added services and introducing digital solutions. Our steel and metal industry knowledge along with extensive expertise allows our customers to stay ahead of their competitors.

By continuously investing into companies know-how and processing technologies, we are delivering cost efficient metal solutions and high quality steel products.

VISION

Your preferred partner delivering sustainable, innovative solutions.

MISSION

To get you the products and services you need, when you need them.

OUR PRINCIPLES

- We always put safety first and manage our business to protect the environment.
- We focus all our actions and considerations towards our customer.
- We encourage and embrace diversity and diverse viewpoints.
- We value innovation, creativity and entrepreneurial spirit.
- We strive for sustainable performance.
- We collaborate on the basis of trust, integrity and mutual respect.
- We get things done and embrace new ideas quickly.
- We act as one team with one voice.
- We all lead by example – our behaviour is a constant point of reference for others.
- We communicate openly, honestly and frequently.
- We have clear targets, concrete measures and understand the outcome we want to achieve.

Integrated SHEQ Policy Statement

Health and Safety comes first in everything we do – as embodied by our Safety 1st programme. We use this to drive towards our goal of zero accidents. We will provide and maintain safe plant and safe systems of work. We will monitor and investigate all accidents and prevent re-occurrence by appropriate action. We will provide information, supervision and training to enable all employees to carry out their roles and monitor / review all plant and premises to ensure standards are maintained. We will continue to build upon the success of ISO 45001.

Environmental procedures will be put in place to minimise the impact of our business activities on the environment. We will develop waste reduction, reclamation and elimination schemes within our operations and always seek to use environmentally friendly products and processes. We will monitor and review our environmental objectives and targets. We will continue to maintain our accreditation to the ISO 14001 environmental standard across all of our sites.

Quality: ASD will be the metal solution provider of choice for its customers. This will be achieved by having an engaged and empowered workforce, best practice processes, state of the art facilities and strong relationships across our supply base. We will set business objectives and review them at corporate and local level. ISO 9001 registration will be maintained through internal and external audits, management meetings and continuous improvement. CE marking requirements will be met as required by the applications of our customers. As we move into new markets we will strive to attain industry specific quality accreditations. We will monitor our performance against customer requirements.

We will deliver our goals by teamwork, innovation and commitment. We will provide resources and training to enable our staff to meet the challenges presented. At all levels leadership will demonstrate by their actions an absolute commitment to achieving these goals. This commitment includes the prevention of injury, ill health, pollution, compliance with legislative and other requirements whilst striving to continuously improve.

Peter Whiting

CEO ASD & ASD Westok

"This policy has the total commitment of the ASD Management Board, which acknowledges its overall responsibility for Safety, Health, Environment & Quality."

**Steel Construction
Sustainability
Charter**

ASD Westok Ltd

Has gained 28 points and achieved Gold Level

The Steel Construction Sustainability Charter (SCSC) is assessed against a number of requirements with companies submitting evidence related to its processes and management policies in line with sustainable practices. These include economic viability, social values and environmental responsibility. The objective of the SCSC is to demonstrate and raise the bar of steel as a sustainable form of construction throughout the supply chain.

To obtain the SCSC, companies must achieve a certain score and meet certain minimum requirements:

- Certificate Level requires a minimum score of eight
- Bronze Level requires a minimum score of fourteen
- Silver Level requires a minimum score of twenty-one
- Gold Level requires a minimum score of twenty-eight

Certificate Valid Until: **30/04/2025**
 BCSA Membership Number: **M164**
 SCSC Reference: **SCM 063**

CERTIFICATE OF CONFORMITY OF THE FACTORY PRODUCTION CONTROL

0050 - CPR – 0917

System 2+

In compliance with the Regulation (EU) No 305/2011 of the European Parliament and of the Council of 9 March 2011 laying down harmonised conditions for the marketing of construction products and repealing Council Directive 89/106/EEC, it has been stated that the construction product(s):

Structural Components for Steel Structures in accordance with the following:

Standard	I.S. EN 1090-1:2009 + A1:2011
Execution Class	EXC 4

Placed on the market by:

ASD Westok Ltd
Valley Farm Way
Stourton
Leeds

West Yorkshire, United Kingdom LS10 1SE

And produced in the factory:

ASD Westok Ltd
Valley Farm Way
Stourton
Leeds

West Yorkshire, United Kingdom LS10 1SE

is submitted by the manufacturer to the initial type-testing of the product and its factory production control and that the approved body – National Standards Authority of Ireland – has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the assessment and verification of constancy of performance and the performances described in Annex ZA of the standard(s) listed above under System 2+ were applied.

This certificate was first issued on 15/04/2019 and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

Welding Certificate

2273 – CPR – 0049 – WC

In compliance with BS EN 1090-1:2009+A1:2011, table B.1, the following has been stated:
This Welding Certificate is an annex to the Certificate of the Factory Production Control (FPC) 2273 - CPR - 0049.
This Welding Certificate is only valid in conjunction with the aforementioned Certificate in the scope of the Regulation (UK) Statutory Instrument 2019 No 465 of the United Kingdom Parliament (The Construction Products (Amendment etc) (EU Exit) Regulation 2019) and the Construction Products (Amendment etc) (EU Exit) Regulations 2020.

Manufacturer	ASD Westok Ltd
Facilities of the Manufacturer	Valley Farm Way, Stourton, Leeds, West Yorkshire, LS10 1SE
Standard	BS EN 1090-2:2018
Execution Class	up to EXC 4 according to BS EN 1090-2:2018
Welding Process(es)	135 – MAG welding with solid wire electrode 121 – SAW submerged arc welding with solid wire electrode (partly mechanized) 121-2 – submerged arc welding with multiple wire electrodes
Base Material(s)	up to and including S355J2 in accordance with BS EN 10025-2 S460ML in accordance with BS EN 10025-4
Responsible Welding Coordinator	Jeff Garner – IWE (up to and including EXC 4)
Alternate	John Thewliss - BCSA RWC route (up to and including EXC 2) Tim Chubb - BCSA RWC route (up to and including EXC 2) Steven Gibbons - BCSA RWC route (up to and including EXC 2) Andrew Bentley Parton - BCSA RWC route (up to and including EXC 2)
Attestation	This certificate attests that all procedures for the execution and surveillance of welding works in connection with BS EN 1090-1:2009+A1:2011 implemented.
Date of first issue	June 2013
Date of this issue	21 March 2024
Date of expiry	05 November 2026
Validity Period	This certificate will remain valid as long as neither the designated standard, the construction product, the AVCP methods, nor the manufacturing conditions in the plant are modified significantly, unless suspended or withdrawn by the approved factory production control certification body. This will be monitored regularly by Steel Construction Certification Scheme Ltd. Further clarification regarding the scope of this certificate and the applicability of the relevant UK designated standards requirements (see certificate of Factory Production Control) may be obtained by consulting Steel Construction Certification Scheme Ltd.

Certificate of Constancy of Performance GB15/93988

In compliance with the Construction Products Regulation 2011 (retained EU law EUR 2011/305) as amended by the Construction Products (Amendment etc.) (EU Exit) Regulations 2019 and the Construction Products (Amendment etc.) (EU Exit) Regulations 2020, this certificate applies to the construction product(s)

**Supports supplied for fixed vertical road traffic signs to table ZA.3.
Complete assemblies without retro reflective sheeting to table ZA.6.**

Note: all products must have a valid ITT report.

placed on the market under the name or trade mark of

ASD Ltd

Peartree Lane, Dudley, West Midlands, DY2 0XA, United Kingdom

and produced in the manufacturing plant(s)

ASD Ltd

Peartree Lane, Dudley, West Midlands, DY2 0XA, United Kingdom

This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the standard(s)

EN 12899-1:2007

under system 1 for the performances set out in this certificate are applied and that the construction product(s) fulfils all the prescribed requirements for these performances.

This certificate is valid from 27 November 2024 until 27 November 2027 and will remain valid as long as the test methods and/or factory production control requirements included in the designated standard, used to assess the performances of the declared essential characteristics, do not change, and the construction product and the manufacturing conditions in the plant are not modified significantly, unless suspended or withdrawn by the factory production control certification body.
