MODERN **ARCHITECTURE**
& NOVELIS J57S UP[®]

NOVELIS J57S UP®

The Cube,
Birmingham, UK

A superior-grade aluminium,
rated A1 non-combustible

The image shows a close-up of a building's exterior facade. It features a repeating pattern of dark, metallic, wavy panels that create a three-dimensional, undulating effect. The lighting highlights the ridges and valleys of the waves, giving it a textured, almost organic appearance. The overall color is a dark, lustrous grey or black.

NOVELIS J57S UP®

Basel Exhibition Center,
Switzerland

With a lustrous
metallic sheen

NOVELIS J57S UP®

Titanic Signature Project,
Belfast

Achieving an exceptional
level of consistency in
colour and gloss

NOVELIS J57S UP®
Basel Exhibition Center,
Switzerland
